

Goodbye 2012 and Welcome 2013!

As 2012 draws to a close, we would like to thank our worldwide family of Authorized Distributors for your tireless efforts and support. We hope that 2013 brings a more stable economic base in which we can all benefit from the hard work we have all undertaken to compete in a very challenging industry.

As we have mentioned before, many times, our mutual continued success and prosperity depends on taking advantage of the opportunities which come our way as our competitors struggle to compete against our photochemical range. This combined with our continually developing Champion CSS Ink Jet range continues to provide new and exciting sales prospects for the future.

From everyone at Champion Photochemistry, Season's Greetings and Best Wishes for a happy, healthy and prosperous New Year in 2013.

**Come and see us at the PMA@CES International show
in Las Vegas, at LVH (formerly the Las Vegas Hilton)
BOOTH 43026**

DATES & TIMES OF THE SHOW

Tuesday Jan. 08 10:00 AM - 6:00 PM
Wednesday Jan. 09 9:00 AM - 6:00 PM
Thursday Jan. 10 9:00 AM - 6:00 PM
Friday Jan. 11 9:00 AM - 4:00 PM

To book an appointment please contact Martha Sanchez

Tel: 905-670-7900 Fax: 905-670-2581
Email: martha@championphotochemistry.com
Skype: marthajvsanchez

Rae Finlayson, Barb Purificato and Martha Sanchez will be there from Champion to discuss our Epson* and HP* compatible wide format printer inks, together with our Noritsu* type CSS inks specifically engineered for the D701/D703/D1005 digital minilabs. So why not add this exciting product range to take advantage of this sales opportunity.

We can also review with you the new range of photochemicals introduced as a result of our One World Global product offering.

The Champion Team look forward to seeing you there.

**Epson, HP and Noritsu are registered Trademarks.*

One World Labels

The Champion project to create a world label which covers the essential hazard information is now complete and customers will start to see the labels on products on a stock roll over. The new labels will now include the Canadian WHMIS requirements.

MSDS's

A new MSDS format / design is being rolled out for Champion products and will be published on our website over the next two months.
